

## **Zainab Hussain Siddiqui**

Ms. Zainab Hussain Siddiqui is Senior Manager PMO with Pakistan's largest converged services carrier, Pakistan Telecommunication Corporation Limited (PTCL). Previously, she has held positions of Senior Project Manager, IT & Telecom Division at the Ministry of IT, Government of Pakistan and Assistant Director Programmes with the Commission on Science and Technology for Sustainable Development in the South (COMSATS). Ms. Siddiqui holds an MSc. in Development Administration and Planning from University College London and an MBA from Pakistan. Before becoming part of Pakistan's dynamic ICT industry, she worked with the development sector for 7 years, specializing in ICT for Development initiatives.

In her various positions, Ms. Siddiqui has managed the International Telecommunication Union's (ITU) Establishment of Multipurpose Community Telecentres (MCT's) Project, prepared the Government's Determination Study on Broadband Penetration in Pakistan and undertook the Alliance Française and COMSATS 'French Online' e-learning programme. Moreover, she also developed two thorough research pilot proposals on the themes of 'SMART Schools' and 'Reforming Basic Education through the use of ROBOTICS' in Pakistan. Other ICT4D projects that she has been actively and passively associated with include the 'Industrial Information Network (IIN)' Web portal and the 'ICTs for Rural Development in Mountainous and Remote Areas of Northern Pakistan'.

Ms. Siddiqui has represented Pakistan in a number of international fora, including the WTO and ITU.
